Viewing wildlife as they spend time on your property can be enjoyable, but sometimes conflict arises—usually in the form of eaten plants, dug-up bulbs, burrows under porches, or holes in the lawn. Fortunately, most wildlife damage can be managed with the right techniques and strategies.

Please join in this workshop where we will identify wildlife damage from various species, and discuss options to prevent and lessen conflict. Come ready to share your questions/stories about pesky wildlife!

Class Fee: \$40 Class will be indoors. Lunch and materials are included in the class fee.
